Some Fancy Title:
Followed by Some More Title Text

Daniel C. Posmik[1]   John Doe [2]   Don Joe [2]

[1]Brown University School of Public Health, Department of Biostatistics
[2]Another University, Another Department

May 12, 2024

Overview

1. A Major Theme

2. The Other Major Theme

A slide with footnotes and citations

A statement referencing Posmik (2022) and with a simple footnote[1].

- Some statement with an in-line citation in parentheses (Posmik, 2022)

- Another statement with a short citation in the footnote[2]

- A final statement with a long citation in the footnote[3]

(a small note)

---

[1] Hi, I am a footnote

[2] Posmik (2022)

[3] Posmik. "Predicting International Student Enrollment by Institutional Aid: A Random and Fixed Effects Approach". (2022)

A slide title

- A bulleted item

- Another item
    - With sub-bullets[4]
    - And another, with some **bold** text

- And another, at the top level, with *italic* text

---

[4]This is also a footnote

Theorems, Lemmas, Corollaries, Examples, and Proofs

Theorem 1– The hardest theorem
We love hard lemmas, $1 + 1 = 2$

Lemma 2– The hardest lemma
We love hard lemmas, $1 + 1 = 2$

Corollary 3– The hardest corollary
We love hard corollaries, $1 + 1 = 2$

Example 4– The hardest example
We love hard examples, $1 + 1 = 2$

Proof:
We love hard proofs, $1 + 1 = 2$ $\blacksquare$

Blocks of Highlighted Text

In this slide, some important text will be highlighted because it's important. Please, don't abuse it.

A slide with centered text

Some statement that is centered.

(a small note)

A slide with some text and a link

- This slide has some text along with a link
    - **Some bold text**: followed by an explanation
    - **More bold text**: followed by more text

- Another bullet, with sub-bullets
    - A sub-bullet
    - Another sub-bullet, with more text

github.com/anishathalye/auriga

A slide with some code

```
/* some code */
def foo(x):
  return x**0.5 + 2*x

/* some can be highlighted */
foo(3)
```

Some explanatory text, in red, with some `monospace` text. There might be some math, too:

$$\sum_{i=1}^{N} x_i^2 + \int_{-\infty}^{+\infty} x \, dx + \mathbb{E}[X] + \mathrm{Var}(X)$$

A 50-50 split slide

- This side has a bullet

- And another bullet, with text that
  wraps if it's long

A figure caption
