Interests

manifold learning, brain imaging, high-dimensional statistics, topological data analysis

Education

Brown University, Providence, Rhode Island USA
Ph.D. in Biostatistics — Exp. May 2029
Advisor: Ani Eloyan; Committee: Ying Ma, Corwin Zigler

University of Cincinnati, Cincinnati, Ohio USA
B.S. in Data Analytics; B.B.A. in Economics; Mathematics Minor — May 2022
A.A. in Business Administration — May 2020

Employment

Brown University, Providence, Rhode Island USA

Graduate Student, Department of Biostatistics — Aug. 2024 — Present
Ph.D. research and teaching responsibilities; doctoral and masters level coursework.

University of Chicago, Chicago, Illinois USA

Graduate Student at Large, Department of Statistics — Aug. 2023 — May 2024
Full-time non-degree graduate coursework in Statistics and related fields. Research assistant for Prof. Guanglei Hong with focus on methods development in causal decomposition analysis.

Project Associate, Energy and Environment Lab — Jan. 2023 — Aug. 2023
Led causal analyses for a randomized control trial on the effect of agricultural machinery and illegal crop burning in Pakistan; processed large remote sensing datasets; assisted with grant reporting.

The Brattle Group, Boston, Massachusetts USA

Research Analyst, Electricity Practice Group — June — Dec. 2022
Conducted econometric analyses on wholesale energy markets and electricity congestion patterns.

Publications

1. D.C. Posmik, Eloyan, Ani. A Posterior Covariance Estimator for Multimodal Alignment on Principal Manifolds. *In Preparation.*
2. D.C. Posmik, LaJoie Renaud, Eloyan, Ani. A Statistical Guide to PET Data: Preprocessing, Data Analysis, and Reproducibility. *In Preparation.*
3. D.C. Posmik. Predicting International Student Enrollment by Institutional Aid: A Random and Fixed Effects Approach. *Journal of Student Financial Aid*, 51(3), Article 4, 2022.

Presentations and Talks

Workshop, DSCoV, Brown University — 2025
Title: *NeoVim and Co.: Personalized Development Environments for Data Scientists*
Conference Presentation, Economic Scholars Conference, Cleveland Federal Reserve — 2022
Title: *Predicting International Student Enrollment by Institutional Aid: A Random and Fixed Effects Approach*

Teaching

Teaching Assistant, Brown University Department of Biostatistics — 2027
Course: Statistical Learning and Big Data (STAT2650)

Teaching Assistant, University of Chicago Department of Economics — 2024
Course: Econometrics (ECON21020)

Honors and Awards	McCall MacBain Finalist Award (Deferred for Ph.D.), 80 of 1,000+ applicants	2023
	Presidential Leadership Medal of Excellence, Univ. of Cincinnati, 4 yearly recipients	2022

Technical Skills

Programming Languages: R, Python
Machine Learning: PyTorch
Operating Systems: UNIX/Linux, Windows, MacOS
Productivity: LaTeX, Lua, Git, Microsoft Office

Professional Service

Referee: Journal of Student Financial Aid (2022).

Community Service

University of Chicago, Chicago, Illinois USA
Community Data Fellow, Data Science Institute Sep. — Dec. 2023
